## Selected Projects

### Full Snack — AI-Powered Meal Generator App

*React, Node.js, Express, PostgreSQL, OpenAI API, Tailwind, Render*

- Built a full-stack web app that generates meal ideas using OpenAI's API and converts them into dynamic grocery lists.
- Designed and deployed a responsive UI optimized for mobile and desktop.

### Do Date — SMS Reminder App

*React, TypeScript, Tailwind, Express, AWS Cognito, DynamoDB, EventBridge, Lambda, Twilio*

- Developed a full-stack reminder app that sends scheduled SMS notifications using hybrid AWS-Express backend for secure authentication and event scheduling.
- Implemented timezone-aware scheduling logic to ensure accurate reminder delivery.

---

### **The Hummingbird Pub** — Local Business Website

*HTML, JS, Tailwind CSS*

- Created a responsive, SEO-friendly site for a local pub on Galiano Island.
- Integrated Google Sheets via Apps Script, allowing the client to update menu prices and business hours without developer assistance.

## **Professional Experience**

### **English, Literature, & History Teacher** — Shanghai, China

*2013 – 2023*

- Developed engaging lessons focused on analytical thinking and clear communication.
- Adapted complex ideas for diverse learners — a skill that now informs my development and collaboration style.

### **Family Caregiver** — Galiano Island, BC

*2023 – 2025*

- Provided full-time care for an elderly family member, developing patience, focus, and the ability to manage long-term responsibilities independently.
