Selected Projects

Full Snack — *AI-Powered Meal Generator App*

Full stack app built with React, Tailwind, Node.js, Express, and PostgreSQL. Openai API integration provides meal suggestions and automated grocery lists.

Do Date — *SMS Reminder App*

Full stack app built with React, Typescript, Tailwind, Node.js, Express, Twilio, and multiple AWS services to create a hybrid AWS/Express backend.

The Hummingbird Pub — *Local Business Website*

A responsive, SEO friendly site for a local business in my community, including an integrated Google Sheet via Apps Script allowing owners to update hours and prices without code.

Professional Experience

ESL, Literature, and History Teacher — *Shanghai, China*

2013 - 2023

Developed engaging lessons focused on analytical thinking and clear communication. Adapted complex ideas for diverse learners — a skill that now informs my development and collaboration style.

Family Caregiver — *Galiano Island, BC*

2023 - 2025

Provided full-time care for an elderly family member, developing patience, focus, ability to manage long-term responsibilities independently.
